

Schools Open Tuesday

Departmental Examinations, June, 1930--Summary of Results

Public and High schools open on Sept. 2, and high school students are to report at 11 a.m., public schools at 9 a.m. The public schools staff is as follows:—

Central School—Verna McDonald, Gladys Price Wm. Cousins, Kathleen Milley, Edith Hayson, Hilda Clifford, Mrs. Clifford, Olga Hole, Edna Fairhurst and Ethel Wilson

Cameron School—Miss Yull, M. Chapman, E. Dunlop and M. Dunlop.

High School—Principal D. Hoyle, Miss B. L. Dunlop and Miss Martha Houston.

Coleman High School—Grade IX.

Passed Eight Units: Average
Wilfrid Hoyle.....83.0
Margaret McDonald.....82.0
Dilys Brown.....81.5

Passed Seven Units:

Alma Hedberg.....81.5
Carrie Sapeta.....80.5
Irene James.....79.5
Julia Ondrus.....76.5
Lyman F. Borden.....75.5
Muriel Jackson.....75.0
Virginia Olson.....72.0
Marina Venera.....71.5
Margaret Neilson.....69.0
Margaret Robert.....68.5
George Vincent.....68.0
Audrey G. Dunlop.....66.5

Passed Six Units:

Jean Jackson.....73.5
John Danyuk.....58.5

Passed Five Units:

Penelope McDonald.....72.5
Laurie McLeod.....64.0
Mary Roughhead.....61.5
Tom Brennan.....58.7
Phyllis Nash.....58.4
Margaret Jackson.....58.0

Honor Students

(Each group in order of merit)

Honors in Seven Units:

Wilfrid Hoyle.

Honors in Six Units:

Margaret McDonald and Dilys Brown.

Honors in Five Units:

Carrie Sapeta and Irene James.

Honors in Four Units:

Alma Hedberg, Julia Ondrus, Lyman F. Borden, Muriel W. Jackson and Penelope McDonald.

Honors in Three Units:

Jean Jackson, Marina Venera, Margaret Neilson and Margaret Robert.

Note:

The three year high school course for Junior Matriculation or Normal Entrance (Second Class) comprises twenty one units of work; hence seven units cover a full year's work.

The twenty-nine students writing on the Grade IX examinations passed 88% of the units attempted.

The twenty one students writing on the Grade X examinations passed 83% of the units attempted.

The thirteen students writing on the combined Grade X and XI courses passed 75% of the units attempted.

The five students writing on combined Grade XI and XII courses passed 97% of the units attempted.

The two students writing on the complete Grade XII course passed 94% of the units attempted.

The general average for the whole school (seventy students writing in all) passed 85% of the units attempted.

Detailed results for the higher grades will be published later.

Major Chalmers, inspector of Civil Aviation, of Esquimaux, B.C., Mr. Hardy of Montreal, and A. D. McLean, district inspector of airways, Regina, called on President Halliwell and Secretary Rippon of the Board of Trade on Saturday. They were travelling by air to the coast.

Landed on New Field

Dr. Neidig, director of experimental research for the phosphate fertilizer branch of Consolidated Mining & Smelting Co. Ltd., and J. F. Warren, son of the president of the company, arrived here at 11 a.m. They have been touring Peace River district, and came from Lethbridge here in 40 minutes. Dr. Neidig is attending a convention in Blairmore.

Mr. Warren, the pilot, spent a few hours here in visiting his sister, Mrs. H. V. Hummel. He circled over Coleman and landed on the new airfield site, as the windsock on the old landing field was not observed. Luckily he hit a spot fairly free from rocks, but some clearing was necessary to enable the plane to take off.

Tennis Notes

Willie Ballock, though only a young man in local tennis circles, has made quite a record during the season. He won several events in local tournaments, went to Lethbridge and won the Junior singles there, made an attempt at the senior singles, and latterly won the McGillivray Cup in local games.

The semi finals in the Consolation event of the McGillivray Cup competition were played on Thursday last between Reggie Jones and George Jenkins, the former winning. The final will be played between Jones and Major R. F. Barnes on his return from military duties at Sarcee Camp.

War Veterans Allowance Act

Art Wakelyn, the Provincial Secretary of the Canadian Legion, B.E.S.L., in Alberta, through the courtesy of The Journal announces the benefits of the War Veterans' Allowance Act which becomes effective on the 1st of September, 1930.

Subject to the provisions of the above Act, allowances are payable to veterans of the Great War (1914-21) who saw service in an actual theatre of war. Men who saw service in Canada or England only are not eligible unless they are pensioned or have received a final payment for a disability of 5% or more in lieu thereof.

The applicant must have attained the age of sixty years or be permanently unemployable by reason of physical and, or, mental disability. The Act contains reservations as to income, restricts the amount payable to \$20.00 per month to a single man or \$40.00 a month to a married man, and requires one year's residence in Canada immediately prior to application.

In Alberta the men should apply to the Department of Pensions and National Health, either at Calgary or Edmonton, for a preliminary application form.

Any prospective applicant in doubt as to the operation of the Act can receive full information from any chartered branch of the Legion in Alberta.

Delegates to Miners Convention

At the meeting of Coleman locals held on Monday, delegates elected to the annual convention to be held on Sept. 8 at Calgary were Archie Fraser, Richard Sudworth and Steve Danyluk.

Mrs. G. Tapon-Jones, who since early summer has been visiting her son, Sergeant Jones, of the Alberta Provincial Police, Blairmore, and Mrs. Jones, plans on leaving early in September for New York, from where she will sail by the Cunard liner "Berengaria" for Southampton.

Cutting Down Travel Time

No matter how anxious travellers may be to spin out their holiday to the ultimate minute they carried out on the ship during the 10-hour voyage from Quebec to Montreal, baggage is checked always manifest a certain amount of impatience when once they have left their ship and the formalities of Customs inspection necessitate a slight delay on the pier.

To overcome this the Canada Customs at Montreal and the Canadian Pacific Steamships are co-operating in a new service to incoming passengers. On the four palatial 20,000-ton Duchess liners Duchess of Athol, Duchess of Bedford, Duchess of Richmond, and Duchess of York, the largest liners to sail direct to Montreal, Customs officers, baggage checkers, and porters board the ship at Quebec.

Customs examination of heavy luggage is direct to the waiting train. Photos show scenes at the inauguration of the new service on the Duchess of Richmond recently. Invoice in hand the fair traveller is telling the inspector how much the package cost. The honeymooners, customs inspection over, are checking their trunk—judging by the length of the tickets they must be going to Banff, at least.

Brigadier Merrett Will Hold Special Service

Brigadier John Merrett, who has been almost half a century in the ranks of The Salvation Army in Canada, and who at present is touring Western Canada, will arrive in Coleman on Friday, August 29th.

He has served in both eastern and western Canada, and has just recently retired from active service. He held several important positions on the headquarters staff at Winnipeg, besides two years as chief side officer for the Territorial Training Garrison.

The Brigadier will conduct a public meeting on Sat., Aug. 30, at 8 p.m., at the Salvation Army, Coleman. Friends and comrades are invited to attend. A worth-while message will be given to all from the book of experience of the years of service represented by the brigadier.

Jack Holt in "Hell's Island" at Palace Theatre

Jack Holt, featured in "Hell's Island," the Columbia dramatic production now showing at the Palace theatre, has a background as colorful as any of the roles he portrays on the screen.

He was born in Winchester, Virginia. He attended a military school and specialized in engineering. Later attended Trinity Preparatory School in New York.

It did not take Jack long to decide that engineering was not his forte. In 1912 his screen career commenced in San Francisco. He did a riding stunt after every one else had failed. The variety in picture work appealed to him and he was kept busy with the old Rejane, Majestic and Universal companies, being promoted to leading man for the latter company. A ten year contract with Paramount followed. The advent of talking pictures brought him to Columbia Pictures, where he has been starred in diverse roles.

Mr. and Mrs. Jack Richards and daughter Dulcie, left on Sunday by auto for the coast for two weeks holidays. Helen Cornett accompanied them.

Local News

Mr. and Mrs. James Ford and Lawrence returned on Sunday from two weeks holidays spent on a motor trip to Vancouver.

Mrs. H. E. Gale, her daughter, Mrs. Thomas, and Harry Gale, enjoyed a holiday trip to Vancouver by car.

The W. M. S. of the United church held a very successful tea and sale of home cooking on Saturday last, quite a large number of ladies calling during the afternoon.

Wilma Halliwell has been spending the months of July and August the guest of Mrs. Norman McKinney, of Weyburn, Sask., at Kilkare Cottage, Carlyle Lake resort.

Supplementary examinations for high school students opened at Coleman on Monday, with Principal Hoyle as presiding examiner. They continue till Sept. 5, and students from Pincher Creek and intervening towns to Coleman will write here.

A bridge tea was given by Miss Dora Burrows and Miss Kathleen Milley at the home of the latter on Saturday, in honor of Miss Elsie Allan, who, with her sister Margaret, was visiting friends in Coleman.

Miss Hume, a teacher in Coleman in 1923, and now teaching in the public schools of Oxford, Eng., was a visitor in Coleman last week. Part of her vacation has been spent visiting friends in the Pass towns, and she was the guest of Miss Ella Emerson, of Bellevue.

W. J. Bartlett, editor of Blairmore Enterprise, left last week for his home in Newfoundland, and will also attend the annual convention of the Canadian Weekly Newspapers Association to be held in Halifax early in September. The capital city of Nova Scotia is making elaborate preparations to entertain the visiting weekly newspaper publishers and their wives from all parts of the Dominion. In 1923 the newspapermen convened at Halifax, and spent almost two weeks touring in the maritime provinces.

Bellevue Exhibition and Sports on Monday

13th Annual Will Attract Many From Pass Towns--Heavy Entry List

On Monday, Sept. 1 (Labor Day) the Horticultural, Industrial and Poultry Show of Bellevue will be held, and it promises to create great interest among exhibitors and the general public. Over \$3,000 is offered in prize values, and over 1500 entries are announced.

A grand parade will be held at 10 a.m., and a two days carnival will be held. On Monday evening the annual ball will be held, which will attract a host of the people from the Pass towns.

An important feature will be the five mile marathon road race to start at 12:30 o'clock on Monday, in which will compete the crack runners of the south.

Bands in attendance during the day and Bill Fraser's orchestra at night will furnish plenty of music for this big annual gathering, and Bellevue people will extend a hearty welcome to their community event. People of Coleman, Blairmore and more distant points will find this a good place to spend the holiday.

Mr. Curry, secretary, states that the admission to the exhibition has been reduced from 50c to 25c this year.

Statement of all Election Expenses

Incurred by or on behalf of George Edward Cruickshank in the Provincial Election, June, 1930.

Planning, Saving, Investing

"To have AND to hold," when applied to money, does not seem to be an easy lesson for most people to learn. The word "and" is stressed because during the recent stock market slump there have been millions who have failed to do the "holding." They have emerged as losers. They have allowed the lure of speculation to divert their time and attention from their regular occupations and interests to a field of activity about which they knew next to nothing. So it seems that most of us need to concentrate more on the "holding" part of our financial plan.

So writes Leroy D. Peavey, president of the well known Babson's Statistical Organization, who, from an income-producing point of view divides the average individual's life into roughly three parts. The first, from about age twenty to age thirty, might be called the period of preparation or getting settled. The second, from thirty to the late fifties, is the period of accumulation. The third, from the late fifties on, is the age of retirement or at least of lessened earning power.

No matter how much time and money may be expended during the teens and twenties in preparing young people for their life work, they can never, says Mr. Peavey, be independent during the last period of life unless they have made good use of those twenty-five or more golden years in the second period. It is during this period of accumulation that one's surplus must be built up and judiciously invested if one hopes to be independent the rest of his days. His watchwords should be Plan, Save and Invest.

Planning means the making and using of a budget. The budget is the floor-plan of your financial structure. Fit it to your own situation and then stick to it, instead of shelving it after a couple of trials. Or what good are blue prints if the structure does not grow up in accordance with their specifications? And one of these specifications will be the proportion—whatever it may be—of your income that is to be set aside as savings. Another specification will be the determination to have a home of your own some day,—one that eventually will be free and clear. Because it is free of mortgages or other claims, it will stand between your family and distress. Life insurance and other sound investments should likewise be included.

The second watchword, "Saving," has been brought to the consciousness of the people of this generation by many years of educational effort. It has been adopted by hundreds of thousands of Canadians as evidenced by savings accounts in post offices and banks. It was given a great impetus during the war when, through the urge of patriotism and in response to the call to sacrifice to "win the war," thousands of people who never before had invested in a bond bought Victory Bonds, and thus learned the lesson of how easy it is for money to accumulate and multiply itself through interest payments. But the lesson of saving is one that must be taught to each successive generation, and there should be no slackening in the effort. It is a lesson that all parents should see their children learn early in life and continually practice, until the savings habit is formed.

When it comes to "Investing," you have the choice between invoking the almost unbelievable power of compound interest when harnessed to regular monthly savings, on one hand; on the other, putting the money into well seasoned securities. In the first case you need no particular advice, for in its operation compound interest is both tireless and automatic. In the second instance, that is, with investment securities, you need advice of the most discriminating sort. This fortunately, you can easily obtain from your own banker.

You will want to have among your investments some good sound bonds anyway, and then if your available funds permit, some of the best stocks. The latter should be bought outright and never on a shorting margin. Remember this, too. It is wise to keep a part of your funds in liquid form,—that is, in cash or such short-term securities as can quickly be converted into cash. Then you will be prepared for any emergency. You might need this money for a personal emergency, or for some special investment-bargain in the market that had come to your attention.

The point is to put each spare dollar to work, twenty-four hours a day and each day in the year, earning more income for you. Your ability to "spare" these dollars for such a proposition will lead to a surprising increase in your "sparing" power; that is your ability to save. You will be able to see with your own eyes the rising structure of financial independence that is going to stand you in such good stead later in life. But in order that your future income may be ready when you need it, start to build that income NOW.

The word "investment" should be broadly interpreted to include not only bank accounts and securities, but insurance policies, your own home, real estate, mortgages, and other forms of capital. Life insurance is indeed as important. It not only helps people to save, but it is a protection as well as an investment. Every person should carry life insurance, but, on the other hand, it is not the part of wisdom to place all your earnings in life insurance. Follow instead the practice of diversifying your investments—part in a savings account, part in life insurance, and part in sound securities.

However, this advice about investing is almost valueless if it is to be only a temporary effort, or if you allow your investments to be frittered away through carelessness or the greed for more. Rather turn to the fundamental sources of assured income.

And, above all, turn to hard work, initiative and perseverance, as the right means of accumulating sufficient funds for your needs, rather than the purely speculative stock market in the hope of getting something for nothing. Lastly, carry out the principle that "goodness with contentment is great gain," in your finances as well as in the rest of your life.

W. N. U. 1852

Wheat Pool Membership
The Canadian Wheat Pool now has a membership of 142,000, the number of members having been increased by more than 2,000 within the year, according to Gillis Ferrell, of the Canadian Press.

Have Minard's Liniment on your shelf

Huge Power Projects

Millions To Be Spent In Next Three Years On Hydro Development
More than \$100,000,000 will be spent in each of the next three years on power projects now under development in Canada. Although there are other plans for important building projects, none will have a more intimate bearing upon the industrial development of Canada than those now contemplated by the power industry. The present turbine installation in the Dominion averages 583 horse-power per thousand of population, a figure which places Canada among the leading countries of the world in per capita utilization of water-power. The total installation now amounts to over 5,700,000 horse-power and an additional installation of over 3,000,000 horse-power will probably be made within the next five years. Quebec has the largest installation with an average of nearly one horse-power per person. Ontario has a total installation of nearly two million horse-power, and in 1929, the power companies in that province generated over six billion kilowatt hours, or more than one-third of the total produced in the Dominion. Manitoba has an installation of over 300,000 horse-power, and Alberta, 70,000 horse-power. On the Pacific coast, large resources are available and turbines with a capacity of 500,000 horse-power have been installed in British Columbia.

Is Baby Teething?

Teething time is a time of worry to most mothers. The baby is nervous, fretful, feverish. His little gums are swollen and sore; diarrhoea, constipation, colic and sometimes convulsions set in—neither baby nor mother can sleep.

These troubles can be quickly banished, however, through the use of Baby's Own Tablets containing Mrs. Louis Bruhn, Teeswater, Ont., says:—"I have used the Tablets for all my babies while teething and have found them a splendid medicine."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Russian Laws On Religion

Teaching Of Religion In Schools Is A Punishable Offence

Extracts from the Russian laws on religion, compiled by the British embassy at Moscow, were issued in an official government "white paper."

The publication was in fulfillment of a promise given to the Conservatives by the Labor Government in April, when groups in Great Britain and other nations were protesting against alleged religious persecution in Russia.

The "white paper" cites a provision of the Soviet constitution providing for the separation of church and state, and of schools from church, while equally guaranteeing liberty of religious belief and freedom of anti-religious propaganda.

It also quotes a provision of the criminal code by which the teaching of religious beliefs in schools to young children and persons under age is punishable by a year of compulsory labor.

Protect the child from the ravages of worms by using Mithers' Worms' Extremator. It is a standard remedy, and years of use have enhanced its reputation.

B.C. Hydro Development

Possibility of developing 3,000,000 horse-power from rivers along the coast district of British Columbia is disclosed by engineers.

First Transcontinental Levels

The first Canadian transcontinental line of precise levels was completed by the Geodetic Survey of Canada in 1916.

TWICE BENEFITED BY SAME REMEDY

Recommends Lydia E. Pinkham's Vegetable Compound

Cobourg, Ontario—"Years ago when I had a sick father and a nursing baby to care for, I got all run down and I took Lydia E. Pinkham's Vegetable Compound to get strength to do my work. Another time at Change of Life, I had severe headaches and felt tired all the time. I took seven bottles of the Vegetable Compound and felt like a new woman. I recommend it to any woman who is as fat as when she needs building up."

—Mrs. T. E. SLEEMAN, R.R. 4, Cobourg, Ontario.

Good News For Students

Would Curtail Homework and Examinations For Vancouver High Schools

Curtailment of home work and abolition of examinations for Vancouver high schools is being considered by educationalists here this summer with a view to lightening school work for children and, at the same time, increase the efficiency of study.

With the inauguration of the new four year high school matriculation course at the commencement of the fall term, home work will be cut in half, it is declared by principals of several high schools.

Reformers against home work which has been sweeping the country in the past few weeks is steadily increasing, both among parents and teachers who declare that the old fashioned idea of giving children enough work to keep them out of mischief is not raising the standard of education. With science investigating every branch of life for the purpose of simplifying living conditions, education, it is claimed, has stood almost still in spite of the efforts of psychology experts.

Recipes For This Week

(By Betty Barclay)

GINGER BREAD

2 cups sugar.
1 cup butter.
1 cup molasses.
4 eggs.
1½ quarts flour.
1½ tablespoons soda.
1 tablespoon ginger.
1 tablespoon cinnamon.
2 cups sour milk.
1 teaspoon salt.

Cream butter and sugar; add well beaten eggs and molasses. Sift dry ingredients together and add alternately with milk. Bake in layer cake pans about 35 minutes in slow oven about 325 degrees Fahrenheit. Cut in squares and serve with whipped cream.

ORANGE Caramel

6 oranges.
½ cup sugar.
½ cup water.
1 cup cream.
1 teaspoon nuts.

Pare oranges, removing membrane with peel, and cut crosswise, in slices. Put sugar and water in a small saucepan, and boil quickly until syrup is a golden brown. Arrange layer of orange slices in glass dish; sprinkle with sugar; pour over enough of the syrup to form a thin coating over the orange; add another layer of orange and syrup; repeat until orange is used. Beat cream until stiff, pile lightly on the orange, and sprinkle with chopped pistachio nuts.

Many infants are infected by worms which cause great suffering, and if not promptly dealt with may cause constitutional weaknesses difficult to remedy. Miller's Worm Powders will clear the stomach and bowels of worms and will so act upon the system that there will be no recurrence of the trouble. And not only this, but they will repair the injuries to the organs that worms cause and restore them to soundness.

Military Promotion

Western Officers Appointed To Command Of Regina and Calgary Regiments

Promotion of Major E. R. Knight to the rank of Lieutenant-Colonel, and to command the Calgary, Alberta regiment, was announced recently at the Department of National Defence. It was also made known Lieut.-Col. J. McArthur has been appointed to command of the Third Reserve Battalion of the Regina Rifles Regiment.

Both officers have had long service in the Canadian Militia. Lieut.-Col. Knight proceeded to England with the 56th Battalion, C.E.F., in March, 1916. He served in France and Belgium. Lieut.-Col. McArthur went overseas with the 38th Battalion, in May of 1915. His service also was in France and Belgium.

Pioneer Mountie Dies

Peter O'Hare, 77, pioneer mountie of the west, died recently at Maple Creek. Since the earliest days of the police in Saskatchewan Mr. O'Hare was associated with all activities, taking part in the Riel Rebellion engagement. His service extended over 40 years.

Crude Oil Consumption

At present only about 2½ per cent. of our crude oil consumption is produced in Canada.

Trans-Atlantic telephone service has been extended in Sweden, so that it is possible to talk to people within the Arctic Circle.

Minard's Liniment removes Warts, relieves Bunions.

Report On Gas Fields

Member Of Geological Survey Of Canada To Make Report On Saskatchewan

Dr. G. S. Hume, of the Geological Survey, of Canada, will make an immediate survey from all available data, of the prospects of finding gas in Saskatchewan, in suitable quantities within the province.

He will not make any actual investigation in the field at the present time, but having visited each city interested in gas development and gathered material from other sources will make a report based on geological information already obtained by various survey parties.

This report, framed as it affects the various cities interested, will be submitted to the Dominion Government, which in turn will forward it to the provincial government. The joint committee, representative of four cities of Saskatchewan interested in the gas question, will then be put in possession of all the facts obtained.

This was the outcome of a conference held at the parliament buildings, at Regina, when Dr. Hume met five members of the Saskatchewan Government and also of the four-city gas committee.

Soft corns and warts are ugly, painful and irritating. Remove them quickly and surely with Douglas' Egyptian Liniment.

Encourage Sheep Industry

Economic Survey Of Sheep Ranches Of Western Provinces To Be Undertaken

An economic survey of sheep ranching in Saskatchewan, Alberta and British Columbia, is being undertaken by the Dominion Department of Agriculture, under the direction of the agricultural economics branch in co-operation with the Dominion Experimental Farms. This is the beginning of a programme of research work in agricultural economics on behalf of the livestock industry.

The Yungas Railway, of Bolivia, is erecting steel telegraph poles.

No Cause For Alarm

Says Russia Will Not Be Factor In Wheat Exportation For Some Time

Thomas D. Campbell, of Hardin, Mont., who has been called the world's largest wheat grower, returned recently from a trip to Russia as agricultural consultant to the Soviet, and announced that it would be longer than alarmists thought before Russia was a factor in any export field.

As the country's five-year program progresses, he said, the needs of the country also increase. The more she grows the more she consumes. It will be at least three years before the Soviet government is a factor in the export of grain or any other commodity. Very soon the internal needs of the country will call for 1,000,000 bushels of wheat annually, just as an example.

A Corrector Of Pulmonary Troubles.—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

Home has become so popular in the British Isles that while 1,100 tons were produced there in the last 12 months, fully 8,500 tons, valued at \$20,000, were imported.

The United States exported 25,707,854 sets of false teeth last year.

The Handy Bottle

Minard's is the sure relief in the Handy Bottle. For strains, burns, bruises, boils and blisters.

Western Representatives:
HUNTER-MARTIN & CO., REGINA, SASK.

ARMY OF MEN OUT OF WORK EAST AND WEST

Ottawa, Ont.—In 94 centres which have replied to the query of Hon. G. D. Robertson, Minister of Labor, on unemployment figures there are 112,994 people out of work in Canada, and it is estimated this number will increase to 150,000 during the winter. Mr. Robertson gave these figures to the Employment Service Council, of Canada, at the opening of the annual meeting.

The figures, he pointed out, did not include 14 or 15 centres which had not reported, or the number who were out of work in numerous small centres throughout the country, and in rural areas.

Senator Robertson said he considered the figures received a conservative estimate. It was not unreasonable to say he added, that there were now 200,000 people out of work in Canada. Figures compiled on August 15, he stated, showed that out of 206,587 union men in Canada, 26,796, or 12.9 per cent., were out of work.

The Government of Canada does not propose to adopt paternalism as a policy in dealing with unemployment but it does propose to help the people to help themselves. Senator Robertson declared.

"I do not for one moment suggest," he said, "that the present unemployment is due to any government policy of government assistance. Unemployment is not a purely Canadian problem. It is world wide. But it is not the business of the government of Canada to look after the world as a whole. It seems to me the problem first to be faced is for the government to look after the people of Canada and assist them to look after themselves.

"A proposal has just been made to me that if the federal grant to technical education were restored it would be a great boon to the unemployed. I do not know what the government will do because the matter has not been considered. But I do know it would at least enable the unemployed man to improve his skill during the time he is out of work."

"I feel, however, that if the technical education plan is inaugurated some years ago had been carried out to the full there would not be so much unemployment today."

To the cause of unemployment the minister referred development of labor-saving machinery, particularly in the west. Then there was the question of immigration. Feeling that it was its duty to see that the people of Canada had employment before inviting others to come in the government had taken steps to restrict immigration.

A special session of parliament was being called to deal with the situation. The government proposed to pass legislation enabling it to invite the co-operation of the provincial and municipal authorities and the co-operation of employers of labor with a view to providing all the employment possible as quickly as it could be done.

Daughter Born To Duchess

Birth Of Daughter To Duchess Of York At Glamis Castle

Glamis, Scotland.—The birth of a daughter to the Duchess of York was announced at Glamis Castle, the home of her parents.

The royal mother and the little princess are making highly satisfactory progress, according to an official bulletin from the gray old castle.

News of the birth was immediately flashed by telegraph to King George and Queen Mary, who are staying at their Norfolk estate of Sandringham.

The baby is the fourth grandchild of the King and Queen. The others are Princess Elizabeth and the two sons of Princess Mary, Countess of Harewood.

John R. Clynes, home secretary of the Labor Government, officially attested the royal birth. He and Mr. R. Boyd, ceremonial secretary to the home office, were both at the castle to attend the birth.

Nurse Beevers, who attended the Duchess and Princess Elizabeth, was with Her Highness. Dr. David Miles, who with Mr. Henry Simson, noted London obstetrician, assisted at the birth, has attended the duchess since her childhood.

New Gold Discovery

Hudson, Ont.—A new gold discovery is reported from the district 40 miles west of Red Lake, and near the Manitoba boundary, and a mining expert has left for the locality to investigate.

W. N. U. 1862

Salvage Abandoned Planes

Two 'Planes of McAlpine Party Are Recovered After Endless Storms Of Last Winter

Edmonton, Alberta.—Beating the Arctic again, Canadian fliers and airplanes have triumphed in a far northern test.

The test constituted a drama in three acts. The first when the McAlpine party was forced to abandon two monoplanes, forced down by fuel shortage, on lonely Dease Point on the Arctic coast, late last autumn. The second act was while the machines remained through an Arctic winter, enduring storms of whose magnitude none can tell. The final act, just completed, was continued in the salvaging of the machines.

The first of the two planes was the property of Dominion Explorers, Limited. A little over a week ago supplies of gasoline and oil were taken to the scene of the forced landing. The machine was "gassed up" and flown to Coppermine River, where, without overhaul it was placed in service.

On Thursday evening last, August 14, the second machine, the property of Western Canada Airways, was reached by Pilot Buchanan and his mechanic, and on Monday evening, August 18, the machine landed at McMurtry.

So far as can be seen, the airplanes suffered no damage through their long stay in the Arctic. Their motors started without difficulty once fuel and oil were provided and there were no visible evidences of deterioration.

The Western Canada Airways machine will undergo thorough examination at McMurtry to determine if a complete overhaul is necessary.

Canadian Beef For Britain

British Market Offers Great Opportunity For Canada

Montreal.—Canadian beef will re-enter the British market for the first time since 1928 with the shipment from Montreal this week of 128 head of grade Hereford and Shorthorn steers, bred in Ontario and now consigned to a firm of importers in Manchester.

The majority of the steers were raised on the farms of P. J. Henry, of Riddell, Ont., and M. J. Campbell, of Dutton, Ont.

Shippers of livestock believe that the British market, dead for the past few years so far as Canada was concerned, once more offers remarkable opportunities to Canadian breeders. According to Donald Munroe, president of D. Munroe and Sons. One hundred and sixty thousand pounds of dressed beef were shipped from Canada to the United States last year, but for the future such trade is severely hampered by the unfavorable American tariff.

Much of the traffic could, he believes, be diverted to Great Britain. The only competition in the highest grade of beef in the British market comes from the Irish breeders, but it is only seasonal competition and could be met with ease by concentration on the part of Canadian breeders and exporters.

Control Of Immigration

Report Of Royal Saskatchewan Commission On Immigration

Has Been Submitted

Saskatoon, Sask.—Main outline of the report of the Royal Saskatchewan Commission on Immigration and Settlement has already been submitted to Premier J. T. M. Anderson, of Saskatchewan, and the full report will be printed immediately on completion. Dr. W. W. Swanson, chairman, announced here.

Findings and recommendations of the commission are expected to be unanimous, the chairman indicated. The commissioners have reached unanimity on all major issues. In view of the urgency of the question, both in Ottawa and at Regina, and because of changes already made in immigration laws, everything possible will be done to have the report printed immediately so that it may be made available, through the courtesy of the provincial government for the information of members of parliament at Ottawa and Regina.

The investigation has been a thorough one. Hearings have been conducted in all parts of the province. Since the commission was appointed last fall about 475 witnesses have been heard and personal investigations have been made by the commissioners.

Plan Relief Work

Toronto, Ont.—Announcement has been made by Hon. William Finlayson, Ontario Minister of Lands and Forests, the government is completing a scheme of relief work in Northern Ontario to take care of many of the unemployed lumbermen and mill workers who are faced with destitution during the coming winter.

Proposed Health Insurance

Compulsory Form Of State Health Insurance Mooted For B.C.

Victoria, B.C.—Legislation calling for a compulsory form of state health insurance will be placed before the B.C. legislature at its next session, according to reports current at the parliament buildings.

Although the royal commission on state health and maternity benefits has not yet completed its labors, which have taken its members to all parts of the province, it is expected that hearings will conclude and a final report will be ready before the session opens. The report will contain comprehensive recommendations to the legislature on which to frame legislation.

To Celebrate Victory

Six Premiers To Attend Conservative Dinner In Toronto

Toronto, Ont.—Six premiers are expected to attend a dinner here in connection with the annual meeting of the Ontario Conservative Association, November 20 and 21.

Hon. R. B. Bennett, Prime Minister of Canada; and Provincial Premiers F. S. Tolmie, British Columbia; J. T. M. Anderson, Saskatchewan; G. S. Harrington, Nova Scotia; J. B. M. Baxter, New Brunswick; and G. Howard Ferguson, Ontario, will be present at what is planned to be a celebration of the party's victory at the recent Dominion election.

SETTLEMENT OF DISPUTES UNDER A WORLD COURT

New York. — Dispatches from Geneva to the New York Times report that the British Labor Government is envisaging announcement at the League of Nations assembly session, in September, of its acceptance of the general act for compulsory peaceful settlement of all disputes under the world court.

This step is the outgrowth of signature by all the British dominions of the so-called "optional clause," binding them to accept compulsory jurisdiction of the court. Australia's instrument of ratification to the optional clause, the last of the dominions to do so, was deposited recently. Rt. Hon. Arthur T. Henderson, foreign secretary, is said already to have opened consultations with the dominions for simultaneous signature of the general act in September, in the same way that they signed the optional clause last year.

Thirty states, or more than half the league's membership, have now signed the optional clause, but only three have bound themselves by the general act. These are Belgium, Denmark and Norway. The French Chamber of Deputies approved it in June, but the senate has yet acted.

PROMINENT MARKSMAN

Major Fred Richardson, president of the B.C.R.A., who did some sensational shooting at the rifle meet held at Long Branch, Ont. He was the only man to score a possible on the 900-yard range, winning the lieutenant-governor's match with 118 points.

Airplane Fatality

Pilot Is Killed Through Falling Into Propeller Blades

Owen Sound, Ont.—Climbing up on top of the plane to adjust the motor, George P. Parsons, 32, Toronto, was instantly killed when he fell into the whirling blades of the propeller. Prominent airmen believe it is the first fatality of its kind in the history of Dominion aviation.

Parsons, a member of the Toronto Flying Club, and a pilot in the Great War, had flown an amphibian biplane to Wasaga Beach recently. The machine was the only one of its kind in the Dominion, it is claimed. The engine and propeller are situated overhead.

After a considerable tinkering, Parsons was able to start the engine, but in getting down he slipped and fell into the whirling blades of the propeller.

Montreal Bank Robbed

Montreal, Que.—A daring and spectacular hold-up was staged here when two armed bandits held up the four employees of the Banque Provinciale, at 1137 St. Catherine Street, East, and a customer, and escaped with \$2,970 of the bank's funds by commiserating a passing taxicab. In their hurry, however, the bandits overlooked \$9,000 which was on a shelf in the teller's booth.

Elevator Destroyed By Fire

Winnipeg, Man.—Damage estimated at \$75,000 resulted when fire razed the Asiniboine Grain Company elevator in St. Boniface, across the Red River from Winnipeg. The structure was valued at about \$50,000 and it contained 50,000 bushels of barley. Property of Wiley, Low and Company, grain merchants. Insurance covers the damage, it is stated.

THE KING'S DOCTOR

Lord Dawson, of Penn, physician to His Majesty King George V., as sketched by Miss Kathleen Shakleton, on board the Canadian Pacific liner "Empress of Australia." Lord Dawson is reputed to have the finest doctor's hands in England, and has the fine features and eyes sometimes recognizable in great artists.

He is looking forward to his first sight of the Rockies and later is going to disappear and take a real holiday out West. A ranch is his ultimate destination.

Yacht Wrecked Off English Coast

Commodore King and Five Others
Lose Lives When Vessel Goes Ashore

Fowey, Cornwall, Eng.—The 22-ton yacht "Islander," wrecked upon the jagged rocks of Lantivet Bay in a violent storm which pounded the English south coast, carried Commodore Henry Douglas King, a prominent member of parliament, and five other men to death.

Those with Commodore King, who had chartered the "Islander," August 9, for a vacation cruise, were Commander Essex, of Berwick-on-Tweed; Surgeon Captain A. R. Brailey, Dunmow, Essex; Captain Glazebrook, of Bishop, Stortford; Harry Lucas, captain of the yacht, and his 17-year-old brother, Walter.

The yacht, which was owned by Lieutenant-Commander John N. Diggle, had been participating in regattas of the Royal Yacht Squadron along the English south coast. When the boat reached Lantivet Bay, it encountered the storm and piled up on the numerous rocks of the bay.

Great waves piled the craft as it perched on the jagged boulders and it soon went to pieces.

Half a Million For Roads

Quebec, Que.—The sum of \$500,000 was voted by a special order-in-council by the Quebec government at a cabinet meeting for the use of road construction. This sum was added to the regular highway budget of \$12,000,000 and will be used in road building throughout the province, where the unemployment situation is most serious.

Victory Over Reds

Hankow, China. Chinese press dispatches said Chinese provincial troops scored a crushing victory over Communists in the western part of that province, killing 4,000 Reds and capturing 2,000 rifles.

DRIVE ON LABOR PARTY STARTED BY CHURCHILL

Minster, Kent, Eng.—A plea for unification of the Conservative party in an effort to arouse the party's supporters and oust what he called "this wretched Socialist Government" was made by Hon. Winston Churchill addressing a meeting here. His speech seemed likely to be taken as the opening gun of a predicted Tory drive to defeat the Labor regime.

Personal and sectional aims should be put aside "to avert the decline and fall of the British Empire," the fortunes of which the former chancellor of the exchequer declared he never would have believed could decline so rapidly as they have done of late.

Mr. Churchill devoted much of his ammunition to an attack upon the way the MacDonald Government has been handling the Indian situation, particularly the way in which the Patan tribesmen had come down out of the mountains and were "molesting and insulting a famous city" with a large garrison of British and Indian troops.

"Such a lamentable spectacle would have been impossible in former times," he exclaimed. "It would almost seem that the same spirit of defeatism in high places which is so rapidly throwing India into chaos, has paralyzed military action at Peshawar."

The former chancellor, who referred to Mahatma Gandhi as "this malevolent fanatic," declared that no proposal of dominion status for India would pass even the present House of Commons. While saying this, he re-affirmed the inflexible resolve of Great Britain to aid the Indian people to fit themselves increasingly for the duties of self-government.

He deplored the exclusion of Sir John Simon, who served on the recent parliamentary commission to India, as chairman for the coming round table conference, and expressed the conviction that the result of this conference would be "confusion worse confounded."

The former chancellor, who has engaged in many witty duels with Rt. Hon. Philip Snowden, the Laborite holder of Great Britain's purse strings, said that he was unhappy about bad trade and unemployment. He put his views of the Conservative program briefly, asserting that the fall of the Labor Government would restore confidence in Britain and would spread from Britain around the world.

"Industry will be stimulated by a tariff," he said, "agriculture will be aided by a guarantee. The dole will be purged from abuse and imposture and we shall bear out our part in the general revival of national and Imperial strength."

NEW ZEALAND RULING DISTURBS AUTO INDUSTRY

Ottawa, Ont.—No official comment is available on the announced decision of New Zealand to place Canadian motor vehicles and accessories on the general tariff list. The matter, it is understood, however, will shortly receive the consideration of the government.

Canada's automobile trade with New Zealand is fairly extensive, and has been growing. The exports of Canadian cars to New Zealand during the fiscal year ended March 31 last, reached a total of 10,349 with a valuation of \$5,566,791. During the same period, parts to the value of \$441,568 went from Canada to New Zealand. The value of automobiles exported by Canada to New Zealand during the preceding fiscal year was \$4,787,504 and parts \$368,473.

With a view to ascertaining just what general tariff it is proposed to apply to Canada, the Department of Trade and Commerce is now communicating with New Zealand. The New Zealand Government has recently changed its tariff, the general rate on foreign cars being increased from 50 per cent. to 56 1/2 per cent., up to \$1,000 in value, and from 42 1/2 per cent. to 48 1/2 per cent. over \$1,000. There is some uncertainty as to whether the old or new general rate is applicable to Canadian exports.

Under the former rate, which applied to Canadian motor cars, the tariff, inclusive of "body duty" was 20 per cent. for the first \$1,000 and 15 per cent. on the value over that amount. On July 22, however, this rate was increased to 21 1/2 per cent. up to \$1,000, and 16 1/2 per cent. on the remainder of the value, if any.

The whole question of Canada's trade relations with New Zealand, it is expected, be canvassed by the government in connection with the negotiation later on of a new direct trade agreement to replace the one which will lapse in October.

Grow Grain At Churchill

Wheat, Oats and Barley Can Be Successfully Grown At Northern Port

The Pas, Man.—Wheat, oats and barley will be successfully grown at Churchill within four or five years. That was the prediction made here recently by D. A. Brown, of the Federal Government Experimental Farm at Brandon, Man., who has just returned from a trip on the Hudson Bay Railway.

Mr. Brown, who is supervisor of demonstration farms in western Canada, declares that Hudson Bay climate is not adverse to grain growing. With proper cultivation and good soil, grain will mature well at the seaboard, he believes.

The official inspected the first plot of grain to be grown at the Hudson Bay port. They did not fare very well, partly due to late sowing and lack of good soil, but Mr. Brown states that the experiment was well worth while. Reward and Garnet wheat attained a height of 18 inches, but it isn't expected to ripen because it was sown late. Alaska oats has made a fair showing, while Treble barley has a good chance of ripening.

However garden produce, such as radishes and lettuce, were raised successfully at Churchill this season. Potatoes did not fare well.

W. Wood, of the railway construction department of the C.N.R., was responsible for the grain-growing experiment at the Hudson Bay port. Grains have matured well at several points along the Bay Railway this year, Mr. Brown reports.

Disease Is Spreading

Infantile Paralysis Causing Considerable Alarm In Ontario Centres

Toronto, Ont.—Infantile paralysis, the dread disease now spreading through Ontario, is to be one of the chief topics of discussion at the British Medical Association convention to be held in Winnipeg, Dr. Scott Stevenson, representing the British Medical Journal, stated here.

That the disease is slowly spreading is shown in latest reports from various medical centres. The disease from different parts of the province. A new case has developed at Brantford, making a total of 16 there. A young boy, Joe Wightman, Bowmanville, succumbed from the effects of the disease, and there are still four cases in that town.

In this city 32 were reported up to today, and although all appeared of the mild type, warnings have been issued to citizens to watch closely for symptoms in their children.

NOTES AND COMMENTS

Summer holidays are drawing to a close. Those who have been away for short or long holidays are returning, with happy memories of pleasant and new experiences and meeting new faces which remain in their thoughts for months after. Holidays are a splendid mental and physical tonic, and even those who cannot afford to travel should make an effort to enjoy a change of scenery, if it is only for a few days.

Who knows the glories of the mountains better than the ardent angler? The gleaming ripples of the swift running stream with its incessant music and the shady pools and swift running reaches, are appreciated best by the fellow who wades the streams casting his line and experiencing the thrills of playing a trout which can always be depended on to put up a good fight in matching its skill with that of the fisherman. Tourists may make hurried tours and admire the scenery from the highways, but the real delights of holidaying in the mountains can only be enjoyed to the full by those who will forsake the beaten path and delve away back into the more secluded depths of the forests and hills. These are pleasures which lie at the back door of people in the Pass towns, and which large numbers take advantage of.

Ignorance and lack of culture is most marked on some individuals when they have too many drinks for their weak brains to stand. Then is when you see them in their true colors, no matter how much they may disguise themselves when sober.

Fortifying a weak brain with "booze," they become self-important, abusive and general nuisances. It is this type which make doubly necessary restrictive laws on the sale of intoxicants. Not being able to express their thoughts intelligently, they punctuate their conversation with filth and blasphemy, and in the hearing of women and children spew forth their filthy oaths and abominable remarks on the streets. The place to corral types of this nature is the hog pen. At that, the hogs would be better company than the "soaks" deserve.

Ambitious people rise above circumstances and environment; others make no effort, and will always remain so-called victims of circumstances. It is human nature.

A suggestion that should be acted on by the council is the paving of the roadway in main street. Money is spent every year in grading, but no abatement of the dust nuisance follows. By paving a section each year, no heavy drain would be made on the town's resources, and if it was not considered economical to do the work piecemeal, then as an alternative sufficient capital should be borrowed to complete the work to be repaid over a number of years in the same way as public improvements are provided for.

A paved roadway would be an asset, it would help to eliminate the annoyance of dust being scattered throughout stores and almost blinding people walking on the street, and would give the town the appearance of being above the one-horse stage. Store-keepers should press for this necessary improvement.

The prizes of life do not come to those who do not work for them. Neither does business come to the merchant who just sits and waits. Nothing comes to he who waits, despite the old adage. In the days when man lived by his prowess in the field, if he did not hunt to sustain life, he starved. In modern life if a man does not explore every potential avenue whereby he may increase business, he will probably go bankrupt.

Vigilance, energy and enthusiasm must be applied to secure business. We live in a competitive age; primitive man also lived in a competitive age. He had to battle with primitive conditions to sustain life. To-day we battle also, only on a different plane, and he who does not battle must suffer the consequences.

Local retailers must battle against competition by displaying energy and enthusiasm in proclaiming to the people of Coleman what they have to offer to help develop local trade. Be a live wire; not merely a cipher.

In conclusion, we urge local retailers to advertise in The Journal. You may be tempted to spend money in other forms of advertising, but steady advertising in the local newspaper, backed up by constant effort to keep business right here, is without doubt the most effective method. Experience has proved it. Coleman's largest retailers are steady advertisers. They secure the business and they deserve it.

Here and There

(588)
Successful Canadian exhibitors in the International Grain and Hay Show to be held at Chicago, November 23-December 6, will be awarded liberal bonuses in addition to the regular premiums offered in the prize list now being distributed. The provincial governments of Quebec, Ontario, Alberta, Saskatchewan and British Columbia the Calgary Board of Trade and the Canadian Pacific Railway have also announced offers of special awards for Canadian exhibitors.

That elk are attracted by music seems to be established by the actions of two fine specimens of that animal which stroll out of the bush when dancing begins at the Banff Springs Hotel every evening. Under the ballroom windows they begin to shake their heads and prance, cavort and caper while the music lasts, not even stopping to eat until the orchestra has ceased playing.

Canadian poultry are rapidly being recognized throughout the world as reaching unusually high standards and recently the S.S. Empress of Canada, clearing from Vancouver to China, Japan and the Philippines, carried 60 head of registered white leghorns consigned to Manila to be used in building up the poultry industry of the islands. The birds came from a poultry farm near Vancouver.

Captain R. W. McMurray, for the past five years marine superintendent of the Canadian Pacific's British Columbia coast steamship service at Vancouver and prior to that a commander with the Canadian Pacific trans-Atlantic fleet, has been gazetted in the London Times of July 14 captain in the Royal Naval Reserve, promoted from the rank of commander. R.N.R. Captain McMurray, whose rank is equivalent to the army rank of brigadier-general, is one of the few living Canadians holding such a high position in the R.N.R.

The province of Manitoba last month celebrated its sixtieth birthday. Where 60 years ago the buffalo reigned alone, Manitoba farmers are now pasturing 360,000 horses and 480,000 cattle and the prairie dweller instead of returning to fort or wigwam from his day's work, spends his evenings in his radio-equipped home or motors over good highways to the nearest city.

About a thousand tons of zinc concentrates from Field, B.C., on the main line of the Canadian Pacific Railway, were shipped to Japan recently, this being part of a movement of 1,500 tons monthly from a mine which started five months ago and which ships lead concentrate to California.

Nearly 12,000 extra men are finding employment this summer in the Canadian Pacific Railway program of construction, maintenance and improvement from coast to coast of the Dominion. Program includes laying of branch lines, repairing and renovating of right of way, bridges, tunnels, stations, and other buildings. The men in general are recruited as near as possible to the scene of work and kept steadily employed until each job is finished.

(578) Will Hixon of Southmore "Big Alaskan police dog" is an aristocratic background, is on the Bark Kennel Toronto, is on a 7,000-mile trip from Toronto to Yokohama by Canadian Pacific Express and Empress of Asia to the order of a Japanese merchant of the latter city. During his long journey the dog is in charge of Canadian Pacific officials.

Twenty New Zealand athletes and twenty athletes from Australia have already arrived at Hamilton for the Empire Games under the chairmanship of E. W. Beatty, chairman and president of the Canadian Pacific Railway. There will be representatives from Great Britain, South Africa and nearly every province of Canada at the Games which are scheduled to be held in the Ontario city next month.

Doubling the population of Cobourg for the day, a force of more than six thousand members of the Canadian Pacific Recreation club of Toronto and Trenton set a new record for picnic attendances when the annual function was held there recently. The freedom of the city was conferred on the visitors for the day and the high spot of the sports, the Grouse Cup, trophy of the football match between the Toronto and Trenton clubs, was won for the fourth year in succession by Trenton.

With an aggregate of 133 years of unbroken service, three Canadian Pacific engineers from the Ontario district retired on pension recently. They are John Douglas, Thomas Bennett and John O. Moore and all have unblemished records. Bennett's service goes back to 1883 while Douglas and Moore go back to 1886 and 1889 respectively.

The Toronto Industrial Commission announces that between January 1 and June 30, 15 new industrial firms have come to Toronto, with which the commission has co-operated. Of these, 11 had their origin in the United States and 4 originated in other parts of Canada. The list of these new industries includes a number of outstanding companies whose entrance into the assembling and manufacturing field in Toronto means an important growth and development in the city's industrial life.

The old belief that the Red River fixes a charm upon those who touch it, was tried out recently as Harry Pearce, undefeated Australian Single Sculls champion and one time world champion, stood on its shore and watched his son, H. R. Pearce, Olympic amateur champion, in a try out as a guest of the Winnipeg Rowing Club. Pearce is a contestant in the Empire Games at Hamilton next month.

For the first time in history, horses were ridden over "Ball Pass" near Banff recently. The riders were Jim Brewster, J. Murray Gibson and Glory Temple, the latter a Lake Louise guide and the purpose of the trip was to locate camps for the trail ride at end of July. Only three hours were required to travel from Banff to the summit of Ball Pass yet this pass has hitherto been considered impassable except for Alpha climbers.

Burying Gangsters

His Eminence, George Cardinal Mundelein, stands out in bold relief in the gang war in Chicago. He has declared, and rightly so, that there will be no Catholic burials for the gangsters of that city. We are told that the ruling of His Eminence is being enforced to the letter. Nationality is no deciding factor, but the decision rests solely on the fact of whether the dead one was a lawbreaker or not. The time is at hand when elaborate funerals at a Catholic church for those known by everyone in the community to

be lawbreakers of the first order and who have made no attempt at all to live just and upright lives, should be taboo.

Persons who call themselves Catholics and do not show by their outward action that they are trying to live according to the law of God and the spirit of the Church can hardly lay claim on Holy Mother Church in death. Especially is this true when they are known to be public sinners and a disgrace to themselves, their families, the nation and their Church.—Western Catholic.

H. C. McBURNEY

Druggist and Stationer

Personal and Local

Forest Ranger Wm Antle and his wife of North Fork forestry station came into Coleman on Saturday last to do some trading and met a number of friends and acquaintances.

Bad Clarke, Buck Eyesacker and Dave Gillespie made an early start on Sunday to spend the day fishing at North Fork, and came home with the limit, thus ending a perfect day.

Miss Winnifred Dunlop left on Aug. 17 for Merrett, B. C., to visit till Sept. 1 with her sister, Mrs. (Dr.) Gillis, following which she will enter Vancouver general hospital as a nurse-in-training.

The four-months old daughter of Mr. and Mrs. John Smith, Sixth street, passed quietly away on Friday last. The little one had been in delicate health since birth. The funeral was held on Sunday afternoon, Rev. Fr. Lehman of the Holy Ghost church officiating.

Jack Price and Wm. Lonsbury started out on Monday afternoon on trusty steeds for North Fork. They were loaded to the gunwales with the requisites for a few days camping, and were anticipating a life of adventure and good fishing for a few days.

Rev. and Mrs. A. S. Partington and two daughters are expected to return from Winnipeg to tomorrow (Friday) after five weeks holidays. Services at St. Alban's, Coleman, at 7 p. m., and St. Luke's, Blairmore, at 11 a. m., will be resumed on Sunday.

Mr. and Mrs. Chas. S. Ouimet, of Vancouver, were the guests this week end of Mr. and Mrs. A. F. Short, on their return from a motor tour to Ontario and Nova Scotia. Mr. Ouimet retired from business in Coleman in 1927, and has since resided in the coast city.

Mr. A. Melville Anderson, Optometrist, of Anderson and McLean, Sight Specialists, 224-8th Ave. W. Calgary, wishes to announce his regular visit to G. R. Powell's office on Wednesday, September 3rd. Each visit a personal one assures you of satisfaction.

Several parties from town enjoyed the week end by visiting the various favorite fishing streams at the North and South Forks. A party which Sid Short took out, including Maurice W. Cooke, Chris Rogers and H. T. Halliwell, went to the northwest branch of the North Fork, and made very good catches there.

Squadron Leader A. T. Cowley, superintendent of air regulations, of Ottawa, passed over Coleman before 8 a. m. on Friday, en route to Victoria, to inspect flying clubs at various places. He was accompanied by Mr. Dickie, of Fort William, secretary of Flying Clubs. Their tour was in connection with pilot's licenses, engineers, airports and airways.

Miss Margaret, of Vancouver, who was the guest of Mr. and Mrs. Geo. Morgan, returned last week to the coast.

Dr. and Mrs. Roy K. Lillie returned last week from a vacation visit with the former's parents at Creston.—Blairmore Enterprise.

Miss Kathryn DeCocco left on Sunday morning for a visit to her birthplace near Trieste, Italy, and will remain there for several months visit.

Harry W. Clark, timekeeper at International mine office, intends leaving on Sunday on his annual vacation. His place during his holidays will be taken by Reggie Jones at the office staff.

Miss Emma Antle, Miss Phyllis Shone, W. Fraser and Ed. Hogan motored to Red Deer to visit friends and they will return via the Windermere highway.

Mr. and Mrs. A. Dewar spent their holidays at Creston, and their daughter, Miss Evelyn, is remaining there as the guest of Mrs. Fraser.

Mr. and Mrs. Alf. Hatfield attended the funeral of Jimmy Hatfield at Princeton on Friday last. He was killed in the explosion at Coalmont. His brother Sam, of Vancouver Island, was also at the funeral. Deceased is survived by his wife.

Mr. and Mrs. A. Melville Anderson, of Calgary, called in town on Saturday on their return from a holiday at the coast cities. They were unusually interested to learn while here, of the lone bandit's exploit of holding up the Elbow Park branch of the Bank of Montreal, as they reside above the bank. Mr. Anderson will make his regular visit here at Powell's jewelry store on Wednesday, September 3rd.

Mr. and Mrs. S. Brocklehurst of Calgary, spent the week-end here the guests of Mr. and Mrs. S. Howarth, after spending a month's holiday at Vancouver.

Miss Gladys Lee returned home from Lethbridge yesterday morning. She was on the office staff of Tull & Ardern at Lethbridge for a considerable time. Owing to the firm having made an assignment, their offices in Calgary and Lethbridge have been closed.

Elgar Roberts arrived on Tuesday from Shotton, Wales, to make his home with Mr. and Mrs. Robert Evans. Early next week they will leave on a two weeks tour to coast cities. Mr. Roberts is an accomplished pianist, and will be an acquisition to musical circles here.

Chief Houghton has asked The Journal to call attention to the fact that transient pedlars selling vegetables or other produce from door to door have been found giving short weight. An instance of this was a man selling potatoes, he stating they were 10 lbs for 25c. Two complaints were made, and it was found there was only 8 lbs or a little more in a supposedly 10 lb. purchase. The pedlar was warned that he would be liable to prosecution for selling short weight, and told to leave town.

Mr. A. C. McIntyre of Bellevue passed away on Friday at his home in his 81st year. He is survived by his wife, and the following members of the family: Mrs. A. May, Coleman; Mrs. D. Hutton, Bellevue; Mr. Gordon McIntyre, Mr. Wiley McIntyre, of Champion, and Mrs. D. A. Perry, of Strathmore. The funeral was held on Sunday, burial taking place in Blairmore cemetery.

George Slous, linotype operator on the Morning Leader, Regina, and brother of Capt. William Slous, of the Salvation Army in Coleman, called on The Journal on Tuesday. He was returning from an auto trip to Vancouver, Capt. Slous having accompanied him. In 1926 George was a Salvation Army officer, and was for two months in Coleman. On resigning he returned to his former trade as a linotype operator, and his first experience in the printing trade was under the publisher of this journal, in Estevan, Sask.

The remains of three Chinamen were recently exhumed from Coleman cemetery and forwarded to their old homes in China for burial, in accordance with the customs of their country. Enquiry from Mr. Goody, the laundryman, elicited the information that one was a young Chinaman who died from natural causes about 1910, the second was an older man who died after an illness of some time, and the third was found frozen to death

in 1913 on the banks of the creek which runs through town. A brother of Mah Poy, of Blairmore, who died a few years ago, was also exhumed from Blairmore cemetery and forwarded to China.

Mickey Hennessey hied out to Crown Nest Lake on Saturday night to catch the first run of the fish on Sunday morning. Atmospheric or climatic conditions were not favorable for a good catch. A small army of fishermen appeared on the scene on Sunday morning, and there was only one fish caught by them on the north side of the lake. The Rod and Gun Club held a competition there, and it is reported that the total catch was only seven or eight trout, the prize fish having to be stretched to be above the prohibited size.

Blairmore school board is establishing Grade XII, in its high school this year. An extra teacher has been engaged and a room being equipped to open on September 2.

The front of the Orpheum theatre has been made more attractive by the decorative work of Harold Snowdon, Coleman painter. His granite effect on exterior walls makes a popular appeal. Some time ago he decorated the front of Coleman Hardware Co's. store.
